To EAA Chapter 856-

Thank you for sponsoring me to come out to Wisconsin to attend the advanced air academy! I have had a wonderful week and some great experiences.

While I have been here I have learned about some interesting things such as what goes into inspections, the importance of finding the center of gravity, designs, airflow and composites. These may be simple concepts, but for me - someone who knew next to nothing about planes - it was a wonderful, eye-opening experience.

Also while I have been here, I have made many friendships that I know will last beyond the end of camp.

This has been the opportunity of a lifetime and I cannot express how grateful I am to you that you gave me that opportunity through sponsoring me.

Most Sincerely,

Rebeka Glassy
